Tariq Khan

FULL-STACK WEB DEVELOPER | AI & WEB TECHNOLOGIES

Islamabad, Pakistan | +933157316646 | ta5549611@gmail.com | github.com/tariqkhan197

PROFILE

Full-stack web developer building responsive web applications, AI-powered tools, and polished digital experiences. Works with modern frontend frameworks, backend services, databases, and generative AI concepts, with a focus on usable interfaces, maintainable code, and practical problem-solving.

SELECTED PROJECTS

- **Luxora Commerce** — Multi-vendor fashion and lifestyle marketplace featuring vendor onboarding, product catalogs, cart, checkout, and order management.
- **BROS Dental Clinic** — Responsive clinic website presenting dental services, doctors, appointment booking, and contact information.
- **CreativeFlow AI** — AI-focused creative application concept designed to support digital content workflows.
- **Khurram Gold Elegance** — Premium jewellery storefront concept emphasizing product presentation and an elegant shopping experience.
- **Real Estate Web with Agent** — Real-estate website concept focused on property discovery and agent-oriented workflows.
- **AI Agent Projects** — Explored practical agent-based ideas, including IT Support Agent, Food Agent App, and Cloud Sentinel.
